

## Proposed Pay Boost Means 10% Increase In Local Tax Rate

It is not surprising that demands for pay increases should be made by city and town employees considering the fact that Governor Saltonstall has publicly advocated pay boosts for State employees.

In Boston this pressure has come almost entirely from labor groups and clubs with little evidence of real demand from the rank and file of workers. The Governor's stand has put the City Administration in rather an embarrassing position.

The possibility of a general pay raise during 1942 has caused high officials in Boston to question the wisdom and the need of a pay increase at present.

Contrary to the Boston situation it appears that in Arlington the elected officials representing all departments of the Town, with one or two exceptions, have proposed that a bonus fund should be appropriated at the next Town Meeting from which each employee should receive 10% in addition to his regular salary. If approved this would call for about \$110,000 additional income.

Just one week ago, Powell H. Cabot, State Director of the United States Employment service reported that jobs and lack of jobs are both increasing in Massachusetts as defense industry is booming and non-defense industry is feeling the first sharp pinch of war. Here again we see the picture of scarcity in the midst of plenty.

Loss of work by 6,000 employees due to lack of materials, chiefly rubber, marks the first big job priorities unemployment has given wage earners. On top of that 9,700 are expected to be laid off soon and 9,000 in the jewelry industry are faced with unemployment due to the possibility of failure to be able to renew its stocks of brass and copper. On the other hand about 2,000 workers are being added to shipbuilding (Continued on Page Four)

## 300 Men Needed To Distribute Sand Here

Walter T. Chamberlain, general chairman of the local Committee on Public Safety appealed for volunteers yesterday to help distribute sand for air raid purposes to Arlington homes a week from next Sunday, February 1.

Three hundred workers will be required. Money has been appropriated to provide the equivalent of three buckets of sand for every household; the public works department and private concerns will provide trucks and drivers. However, 300 men volunteers are needed to do the work in one day; without this large crew, sand cannot be distributed to every home.

Each crew will include six men, assigned to a truck. Mr. Chamberlain suggests that those who wish to volunteer their services for half a day's work immediately contact five other men to complete the crew. As soon as this crew is organized, the captain is asked to telephone the public works department at ARLington 0051 immediately and give the list of names of those on the crew. Distribution of sand will start February 1 at 9 a. m. provided that enough men volunteer. The work is not strenuous and will require only the filling of metal containers left outdoors by householders, with sand shoveled from trucks. Volunteers from all sections are required to insure complete coverage of the town.

Organize a crew NOW; and call ARL. 0051 this week-end.

## Patriotism Keynotes Sons Of Italy Dinner

The 17th annual banquet of Arlington Lodge, Sons of Italy, was held Sunday evening at the Middlesex Sportsmen's Club with nearly 200 persons present to enjoy the dinner and to manifest their patriotism to the United States.

It was announced after the banquet that the lodge had all ready bought a \$500 bond and by next Monday would buy another of the same amount.

The toastmaster was Joseph Dente, Past Venerable, whose inspiring and eloquent tribute to the American flag, thrilled the hearts of everyone.

Mr. Dente then introduced Rev. Nazario Properti of St. Anthony's, Somerville, who stated, in part, "the sentiments of the Italian souls are for the United States, and that we who are here as American citizens, felt as though we were Americans even before we arrived in this land of promise."

Selectman William C. Adams brought out that nowhere else on earth "could free speech and the right to gather, be exemplified as in the very gathering before him; where those who were born on foreign soil had gathered and were expressing themselves."

Michael Fredo, Past Grand Venerable of the order, in his talk brought out the fervent patriotism that was in the hearts of the various lodges of the state and that Italians everywhere in this country were volunteering for service in the armed forces.

Rep. Nelson B. Crosby said "that he was thrilled, to have it brought to his attention, the various ways in which the Italian-Americans were springing to the aid of their adopted country."

Chief Archie F. Bullock and Chief Daniel B. Tierney in their brief remarks gave praise to their many friends of Italian extraction.

## Battle Fire In Three Story Wooden Dwelling

Responding to an alarm, firemen battled a fire for nearly an hour in the three-story wooden dwelling at 1055 Massachusetts avenue, near Brattle street, yesterday morning. The alarm sounded at 8:29 brought several pieces of apparatus to the scene, including Highland Station trucks, only a stone's throw from the fire. Smoke pouring from the building attracted a large crowd.

The fire, which started from an overheated furnace, worked its way up from the cellar to the first and second floor. Firemen were obliged to rip through partitions to get at the blaze. Much of the damage was caused by smoke.

The occupants were able to make their way out safely. The house is owned by Wm. Harrigan, of Bedford street, Lexington.

## \$32,000 Is Goal For War Fund

### Greater Boston United War Fund Campaign Gets Under Way — Sampson Urges Generous Response—Local Agencies To Benefit—Campaign Flag Raised

With a quota of \$32,000 as Arlington's share of the Greater Boston United War Fund's goal of \$7,600,000 for social needs of the home front, the Red Cross and the United Service Organizations, hundreds of workers swung into action yesterday to meet the greatest humanitarian challenge in the country's history.

Every citizen in Arlington will be asked to help to meet these needs to the limit of his or her resources. The campaign will continue until February 11, and early indications are that the public, now well aware of the gravity of the war needs of the nation, will respond generously.

In addition to the Red Cross and the United Service Organizations, the very important Arlington agencies which will directly benefit by contributions to the United War Fund are the Arlington Boys' Club, the Boy Scouts and Girl Scouts, the Arlington Social Service League, the Visiting Nurses Association, the St. James Branch of the Massachusetts Catholic Women's Guild, and the St. Agnes Chapter of the Society of St. Vincent De Paul.

In calling upon Arlington to give all-out support in the campaign of the United War Fund, Arthur W. Sampson, general chairman for Arlington said in part:

"Not all of us can shoulder a gun in the war which now threatens the freedom of our country, but every one of us can make our community more secure and thus strengthen the nation by contributing to the limit of our resources to the United War Fund."

## "Dedicated to Service, Regardless of Financial Conditions"

**Historical Arlington**

DID YOU KNOW that the new Daniel F. O'Brien Funeral Home occupies what was once the John P. Squire estate?

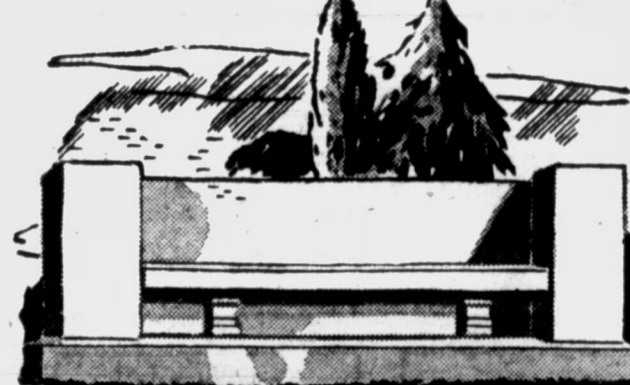

Another historic house in Arlington was the Benjamin Locke home at 21 Appleton Street, Arlington Heights. Benjamin Locke was captain of the minutemen of Menotomy. When the British passed through here about two o'clock in the morning, on April 19, 1775, Captain Locke arose and in short order was able to muster twenty-six men of his company together. Captain Locke and his men followed Lord Percy's British reinforcements as far as Lexington and saw plenty of fighting before the day was over.

By mid-afternoon, Captain Locke's company numbered fifty-two men, and they, together with other companies from surrounding towns, continued to harass Percy's column in retreat. Captain Locke also fought in the Battle of Bunker Hill in Colonel Gardner's regiment.

(This is the first of a series of Historical Arlington Facts to be presented by the Daniel F. O'Brien Funeral Home. Others will appear regularly in the Arlington News.)

*With Quiet Dignity...*

We conduct a funeral in a manner that is worthy of the tribute you wish to pay your deceased. Regardless of the price you pay, all details will be handled in an impressive way that will be a comforting memory.

## UNITED IN COMMUNITY HELP

Yesterday, Arlington launched its drive to raise \$32,000 as its quota in the United War Fund campaign. In calling upon the people of this community to support this most worthy enterprise, Arthur W. Sampson, general chairman of the 1942 campaign points out that never will giving gain so much. "We are united in war and we must be united in community help for those in need."

The board of selectmen in its formal endorsement of the 1942 appeal, impresses upon the people of Arlington the urgent need of funds, in the following words:

"This year the United War Fund of Greater Boston replaces the Community Fund of yesterday and comes before the public seeking \$7,600,000, a new high to meet the new needs of a community whose country has gone to war."

"In addition to the medical service, hospitalization and health dispersed by the results of past drives, the new United War Fund will include the appeals of the three other great morale-building organizations of our community, the American Red Cross, the Soldiers' and Sailors' Committee, and the United Service Organizations."

"Because the increase is sharp and the amount large, it is the duty of each individual to give willingly and generously doubling pledges of normal times, whenever possible."

Let us remember that what we give will make the lives of our soldiers and sailors happier and more comfortable wherever they may be. Every dollar we give will pay rich dividends in health, happiness and hope for someone in need right here in Greater Boston as well.

Time will be short; let Arlington reach its goal without delay!

## Cutter PTA To Have Annual Father's Night

Music will be furnished by the Cutter P. T. A. orchestra with trumpet solo by Carl Pacifici. The male quartet of the Choral Society will render selections.

The entire evening will be in charge of Malcolm B. Griffin, chairman. Refreshments will be served by the fathers.

## Unique Service Is Planned For Sunday

On Sunday evening, at 7:30 o'clock there will be a unique auditorium service at the First Baptist church, as the culmination of a month of special missionary activity throughout the entire church. Mrs. Edwin A. Shaw of Somerville will be the speaker, taking as her subject, "Personal Experiences among the American Indians."

## The NEWS OBSERVES

Arlington doctors will take a first aid course at the Symmes hospital nurses' home beginning this afternoon at 4:30 o'clock. Dr. David Dow, Jr., will give the course. It was announced this week by Miss Nora Brown, superintendent of the hospital.

Eligibility requirements for the U. S. Air Corps have been modified. Under the new requirements, any man between the ages of 18 and 26, inclusive, who has been a United States citizen at least ten years, may apply for appointment as an Army Aviation Cadet. There are no formal education requirements. Candidates who pass the physical examination will be given a special intelligence and aptitude examination by the examining board. Police lieutenant Daniel P. Barry will be glad to assist young men interested in becoming Army Aviation Cadets.

Applications may be secured at any Army Recruiting Station, and may be made to The Commanding General, First Corps Area, Boston.

William N. Duffey, son of Arthur Duffey, sports editor, of 74 Orvis road, joined his two older brothers, Arthur, Jr., and John G., in the armed air forces this week when he left for the army air corps. He will be stationed at Hingley Field, Arizona. He was an all-scholastic at Arlington High and captained hockey teams here and at Worcester Academy. John is first lieutenant in the army air corps, Arthur Jr. is a lieutenant (junior grade) in the naval air force.

Arlington was officially entered in the National Pedestrian Protection contest this week when a "Pedestrian Protection" certificate, suitably framed, was presented to Chief of Police Archie F. Bullock by the American Automobile Association.

The certificate, signed by Burton W. Marsh, in Washington, states: "The Town of Arlington is commended for having recognized the importance of pedestrian traffic problems and for its decision to undertake a progressive program to provide greater safety and convenience for those alioot."

"City officials are to be commended for their awareness of the pedestrian problems and for intensified activity during 1941 in helping to reduce pedestrian traffic deaths and injuries. The American Automobile Association will continue to aid you in every way possible thru school safety programs, safety posters and pedestrian safety aids to achieve even greater safety for pedestrians in 1942," said Ellisworth S. Harding, director of safety for the Boston Automobile Club who made the presentation to Chief Bullock.

## Proposed Pay Boost

(Continued from Page One)

establishments each month which leads all other industries in expansion.

At the present time in Boston there are 18,000 men and women without jobs drawing weekly checks for unemployment compensation. It is quite evident that Arlington like the average city and town in Massachusetts, has maintained wage schedules comparable to those obtaining throughout the State. Information obtained from the Federal Bureau of Labor Statistics, shows that in terms of purchasing power and the cost of living in Massachusetts, the public employee is better off than in the peak of 1929.

Here are the figures:

Year	Annual Money Wage	Purchasing Power
1929.	\$2,100	\$2,100
1930	2,100	2,176
1931	2,100	2,389
1932	2,100	2,644
1933	1,880	2,445
1934	1,785	2,164
1935	2,100	2,442
1936	2,100	2,450
1937	2,100	2,362
1938	2,100	2,408
1939	2,100	2,436
1940	2,100	2,462
1941 (Nov.)	2,100	2,290

Using these figures, our responsible Town officials should ask the question: "If Town employees are actually better off today than they were in 1929, what justification is there for raising their pay at this time?" No one questions the fact that there has been an increase in the cost of living. It is also conceivable that some provision should be made to compensate for this by an increase in wages of Town employees in the lower income brackets.

We must not however lose sight of the main issue before us all today, namely, war will make radical changes in American living as a result of the drastic, but necessary, arms program on which the United States is embarking.

Its effect will appear gradually, scarcity of autos and tires; rubber goods of all kinds and men's clothing will be simplified; women's silk stockings and underwear are running low; nylon output will be diverted to war uses; electric refrigerators, vacuum cleaners and radios will be greatly reduced in numbers. The horse and bicycle will play a larger part in travel and transportation.

These and many other items have still hardly been missed by many but the recent tire ban and sugar shortage, due largely to hoarding, gave us an insight to what may be experienced from time to time in the future.

Under these circumstances even a casual survey of the situation as it affects Arlington merchants and wage earners will reveal that many are faced with greatly reduced incomes and actual unemployment. Arlington industries are largely non-defense in character and its wage earners for the most part are not benefiting by the high wages being paid in defense areas.

Home owners will be asked to pay greatly increased taxes.

urged to buy Government bonds and savings stamps, and likewise be prepared to meet the higher cost of living. If the people of Arlington were reaping the benefit of fat pay envelopes due to war industry their task would be easy; otherwise an increase of \$2.00 per thousand on the tax rate would add to the difficulties of the already overburdened taxpayers.

There are about 130,000,000 Americans in this country. Of these about 3,000,000 are in the service of national, state and local governments. In a democratic society, national unity can be achieved by persuasion, not by the legislation of minority groups, but by their incorporation into the framework of the nation. This can be done only as each group comes to see that its welfare is dependent upon the welfare of the nation as a whole.

## Norton's popular favorite ... the 1043 "quality" line

Norton's has scoured the finest distilleries of the nation to find those living up to its exacting requirements—then has commissioned them to distill superb quality beverages exclusively for Norton's ... with three essential requirements — purity, master making and superior quality.

**NORTON'S 1043 STRAIGHT BOURBON WHISKEY**  
A straight Bourbon distilled in the country which has made Bourbon a favorite. Aged in the wood for four years at the famed Hiram Walker Distilleries. This 90 proof bourbon, is a delicately flavored, mellow, ripened whiskey you'll truly appreciate!

**NORTON'S 1043 DISTILLED LONDON DRY GIN**  
Norton's 1043 Gin is a pure London Dry Gin distilled from 100% pure grain products and distilled especially for Norton's to duplicate the flavor and quality of the old formulas which made London Gins so justifiably famous. Full 90 proof.

**NORTON'S 1043 BONDED RYE OR BOURBON**  
Two famous distilleries combined to produce these bottled in bond favorites. The Baltimore Pure Rye Distilling Co. exerted its every effort to produce a perfect rye and Hiram Walker Distillery to make the Bourbon. A full four year old product.

**NORTON'S 1043 BLENDED WHISKEY**  
A delightfully blended whiskey made for Norton's and your enjoyment. 86 proof. Contains 30 per cent straight Baltimore Rye Whiskey and 70 per cent pure neutral spirits.

**NORTON'S 1043 STRAIGHT CALIFORNIA WINE**  
In either Special or Reserve these famous Norton wines are products of California's top quality grapes and honest sunshine combined with the master making of the nation's leaders in wine production. Try it in Port, Sherry, Muscatel and White Port in quarts, half gallons and gallons—21% alcohol by volume.

summarized the remarks of the gathering when he offered his three points to the program. He said: "First we must have a firm belief in God; second we must support President Roosevelt's program and third, we must forget factional differences and selfish desires in the interest of national unity."

Salvatore Cannistraro, Venerable of the lodge, affirmed the Americanism of every member with the purchase of Defense Bonds by the lodge and their activities as individuals in the efforts of the town to prepare for any emergency.

Lieut. Daniel P. Barry spoke on the friendships that had been his with many of those present, and he stated that never at any time had he thought of his friends and those present as other than 100% Americans.

Arthur J. Mansfield, publisher of the News, closed the speakers' remarks, by stating, "It was not difficult for me to understand the worth of the Italian people of Arlington, that it is no disgrace to unite into groups such as the Sons of Italy. It is only the misdirected nationalistic tendencies as carried out in Germany and Italy that are at fault. God does not recognize any nationality. He only recognizes that love, friendship and brotherly love are the ideals that are worth while."

Toasmaster Dente then announced that a monster rally would be held at the Town Hall next Sunday, open to all residents who were interested in victory through the common effort of all.

**INJURED IN FALL**

Mrs. Evelyn Graham, 28, of 44 Margaret street, was severely injured in a fall at her home Wednesday afternoon. She was removed to the Symmes hospital in the police ambulance.

## Many Visit Funeral Home

The new Daniel F. O'Brien funeral home at 226 Massachusetts avenue, Arlington, the third now included in the O'Brien Service, was formally opened this week with several hundred people visiting the new establishment.

Visitors were amazed at the transformation of the interior of the old Squire estate. Off the large oak paneled reception hall, at the left is the main chapel, finished in quartered oak panelling. This is the work of Louis Lualdi, Incorporated, specialists in finishing church interiors. The chapel is so constructed that it can be easily converted into two rooms. Deep red overdrapes and rich broadloom floor covering add to the quiet, dignified atmosphere of this spacious chapel. A large original painting almost covers the wall at the far end of the chapel. The furnishings and lighting, selected by an interior decorator, harmonize with the chapel.

At the right is another large family room. Here, an original fireplace, with marble mantel, was retained. An elaborate Hammond electric organ, equipped with chimes, is located in this parlor. Nightly recitals are being given during this week.

A ladies' powder room and men's lavatory, both finished in tile, are located in the rear of the building. An innovation is a "Smoke room," finished in knotty pine. There is also a large well equipped office.

The most modern equipment is included in the preparation room which is finished in tile; everything is spotless.
